WITH  
RUNNERS  
1000 LB.  
CAPACITY

# WELDING WIRE PACKAGES

Carris offers the most comprehensive line of welding wire packages in the industry. This one-call philosophy is not the result of buying reels from another supplier for resale; rather, we injection mold all of our own plastic spools; we fabricate our hardboard spools, hardwood plywood for bulk wire packing, and wire baskets. We even manufacture our own spiral-wound paper tubes for these reels — and our own bolts, too. Carris is a vertically integrated manufacturer, and we are pleased to offer the following packaging options:

## HARDBOARD PACKAGES

Hardboard offers tough, smooth and economical packaging. Barrel material can include steel or paper tubes.

CARRYING CAPACITY	REEL SIZE
up to 2½ LB	4 x 1½ x 1½
up to 10 LB	8 x 1½ x 3
up to 30 LB	11⅞ x 3 x 8¼
up to 45 LB	11⅞ x 3 x 6
up to 60 LB	14 x 3 x 8¼

## WIRE BASKET PACKAGES

Wire baskets are environmentally friendly. They can be easily and economically recycled as scrap steel.

CARRYING CAPACITY
33 to 44 LB (With or without 2" arbor adapter)
REEL SIZE
11⅞ x 3½ x 7

## PLASTIC PACKAGES

One-piece plastic spools are injection molded, black reprocessed polystyrene and offer smooth, economical shipping packages.

CARRYING CAPACITY	REEL SIZE
up to 10 LB (2" arbor)	8 x 1½ x 3
up to 15 LB (2" arbor, recessed hub)	8 x 2½ x 3
up to 30 LB	11⅞ x 3 x 8¼
up to 45 LB	11⅞ x 3 x 6

## PLYWOOD PACKAGES\*

High-quality northern hardwoods, manufactured in Vermont, offer smooth, consistent wire contact surfaces and maximum strength at affordable prices.

CARRYING CAPACITY	REEL SIZE
up to 250 LB	22 x 9½ x 17
up to 500 LB	27 x 9½ x 17
up to 750 LB	30 x 9½ x 17
up to 1,000 LB	30 x 16 x 20

## \*Other Options for Plywood Packages

- Your logo, product identification or user warning information can be stencilled on all packages
- Custom-tailored packages are readily available to handle any load from 100 pounds to 2,000 pounds
- Tapered barrel reels (conical shaped barrel) are available for payoffs "over the top"
